About Liwa Arms Slovakia:

A dynamic and young company based in Slovak Republic manufacturing hunting rifles, established in 2019 with a primary mission of enriching the local and regional market, as well as the global market, with products of the highest standards of quality and accuracy, designed and manufactured at competitive prices compared to their global counterparts.

Under the wings of our mother company located in the United Arab Emirates our main objective is to become a respected producer of hunting rifles at an affordable price for all segments of society, including hunting and shooting enthusiasts.
